THE INFIRMARY.—At their meeting January 6 the board of managers of the Alexandria Infirmary received the first official notice of the death of Miss Dorothy Dietz, long an inmate of the institution, and desire to record their sense of the loss sustained by them, and to express their sympathy with the friends of the deceased.

For nine years Miss Dietz had been a boarder at the infirmary, and had been tenderly cared for. She was grateful for every attention, and was always bright and cheerful, kindly and pleasant and perfectly happy and satisfied. The following resolutions were passed:

Resolved, That the board of managers feel that in the death of Miss Dietz they have lost a kind friend, whose cheerful face and pleasant greeting will be missed in the home. And we desire herewith to express our sympathy with her loving and devoted nephew, Mr. Green, and her other relatives in this bereavement.

Resolved, That our thanks are due, and we hereby tender them, to Mr. Green for his kindness to those who nursed his aunt, as well as for his gift of furniture to the infirmary.

Resolved, That a copy of these resolutions be sent to Mr. Green, to the Alexandria Gazette for publication, and that they be spread on the minutes.

R. H. & L. MEETING.—The annual meeting of the Relief Hook and Ladder Company was held last night with the first vice president in the chair. The committee on entertainment for the 22nd of February was continuing until the first Friday night in next month, when they will make their report. The various officers submitted their reports, which were accepted. An application for membership was received and two honorary members requested that their names be transferred to the active list. A vote of thanks was tendered Messrs. Harry Young, Edwin Markell, John Dwyer and Wm. Wildt for the entertainments they have furnished the company during the past week. A vote of thanks was also extended the driver, Mr. John E. Clapdore, for the excellent condition in which he has kept the house, and he was recommended to the Fire Wardens for re-election. The election of officers for the ensuing year resulted as follows: President, Park Agnew; first vice president, J. H. Trimvay; second vice president, Claude Perkins; recorder, John F. Dunnington; treasurer, L. Robert; foreman, R. M. Latham; 1st asst., W. T. Rogers, 2nd asst., A. W. Melchior; property committee, R. M. Latham, J. R. Pickin, Park Agnew, W. T. Rogers, and F. Benheim; membership committee, J. H. Trimvay, George Schwab, Harry Haynes, G. M. Myers and C. L. Pickin.

K. of P.—Mechanics Lodge, No. 3. Knights of Pythias, held its regular meeting last night. Deputy Grand Chancellor M. D. Boyer installed the recently elected officers for the ensuing term. After the installation of officers and other important business had been concluded, the doors were opened and friends of the order were invited in.

P. G. R. E. R. Boyer, chairman of the committee for good of the order, assumed the chair, and in a short but well chosen address welcomed the visitors, and congratulated the lodge on its large attendance of the members on the first meeting night in the new year. He spoke encouragingly of the future prospects of the lodge, and urged the members to continue their presence at the meetings throughout the year. Remarks were made by P. C. O. F. Bisset, G. W. Bonitz and others.

During the evening refreshments were served and all present expressed themselves as delighted with the evening's entertainment. The committee is arranging for a musical and literary entertainment next meeting night, and visitors from Washington are expected to be present and make addresses.

THE CENTURY DANCE—As was anticipated, the Century Dance given at McBurne's Hall last night was the society event of the season. The elements were unpropitious, but the "old men" braved rain and wind to enjoy an old time dance in a hall, room which was not overrun with "trundled trash." The hall was prettily decorated and the music fine. Only married men or those over twenty-five years old were expected to attend, and there were but few exceptions to this rule. The dance, however, was open to all ladies, and stately dames and blushing brides vied with each other in making the dance the success it proved to be. The costumes of the ladies were extremely handsome and becoming, and the men were in full evening dress, though some of the dress coats seen were rather of the cut of some years back, but the wearers had none the less a good time and were as agile as when their coats were new. There was no German-only dances that all could take part in, and all did to their hearts' content. The dance lasted till quite a late hour and during the evening a substantial supper was served. Quite a number of guests from a distance were present. The receipts of the ball over expenses will be donated to the infirmary. So successful was the entire affair that the "old men" are talking of repeating the dance before the season is over.

ROYAL ARCADE.—Heretofore it has been the custom with Alexandria Council, Royal Arcanum, on its first meeting in January, at the installation of officers, to have a banquet. This year, however, the council has decided to give a complimentary entertainment and public installation of its officers, which will take place at the Opera House on next Tuesday evening.

Tickets are now being issued to the members, and, from the interest manifested, it is anticipated that a large crowd will be present on the occasion. The following talent has been secured from Washington: Miss Nellie McNulty, Miss Blanche Wood and Messrs. J. H. Catell, William Conley and Peyton B. Fletcher. In addition to the above Rev. Dr. E. M. Calisch, of Richmond, also J. B. Blanks, Grand Secretary, of Petersburg, and Hon. S. S. Bionberg, Grand Regent, of Richmond, will be present and address the audience. The entertainment promises to be a success.

A CHANGE IN THE WEATHER.—The rainy and disagreeable weather which had prevailed during most of the week passed away last night after a heavy blow. About eleven o'clock the wind, which had been blowing from the north, changed to nearly every point of the compass, finally holding at the northwest, and about 3 o'clock this morning a clear sky followed. The temperature fell somewhat during the night, and the weather is now seasonable.

AN ICING STATION.—Mr. J. G. Horn, of the Fruit Growers' Express Company, is here, and he will commence the erection on Monday next of an icing station in West End, on the line of the railroad. Hereafter meat and fruit cars in passing through this city will be iced here. Messrs. J. H. D. Smart & Co. will furnish the lumber for the new buildings and quite a large number of men will be employed in their erection.

GRAND JURY.—The following have been summoned to serve as members of the grand jury of the Corporation Court, which meets next Monday: Peter Atchison, Noble Lindsey, B. F. Whistley, W. H. Helmhut, G. H. Barlow, W. H. Davis, Joseph H. Beach, Jos. Kaufmann, Chas. G. Rich, C. W. Howell, J. C. Muburn and G. F. Steiner.
